

INTRODUCTION

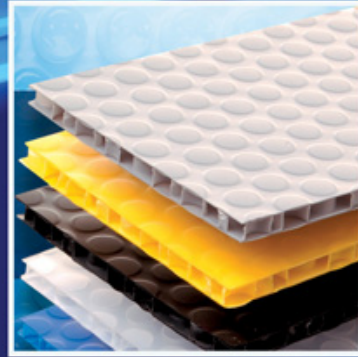

Being the largest PP Corrugated sheet manufacturer in Malaysia, we continue to develop more **Sheet Structure** and **Box Durability** and advance the manufacturing process in sheet production as well as box making technique to meet every aspect of customer needs.

We produce from hollow to solid structure plastic sheet extrusion as below:

I,S Guard

O Guard

PP Solid

TP Polybox

Products image & presentation
surface protection & cushion

parts storage and transportation
metal / wood / paper replacement

Box with Polyhook Frame

Box with normal Frame

We have taken many studies and tests for the handling of different types of boxes in the strength, life span and found that reinforced frame is always the main damaging issues. Our new improved design in **Polyhook Frame** has solved this problem because of the special hooking system and proper material used to prevent distortion.

OUR STRENGTH

Mass purchasing capability to reduce production cost.

Large factory build up and facility to cater big order. (Total 150,000 Sq Feet Build Up)

Big production capacity to fulfill large order. (Total 1,500 Metric Ton / Month)

Best design team and customer service team for all customers. (Reliable, Loyal and Long Service)

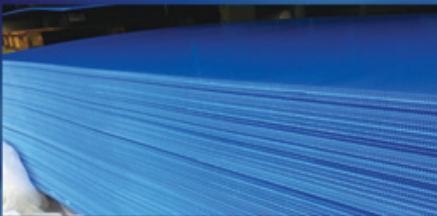

Sufficiently staffed (More than 100 employees) to serve our customers.

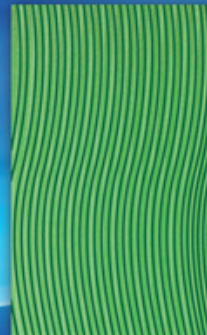

(North and South Factory Branch)
Fabrication facility set up nearer to clients for cost saving and fast delivery. (Johor and Penang)

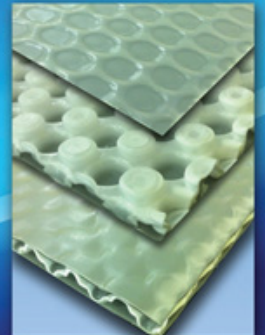

WHAT MAKES US DIFFERENT?

Widest sheet in Malaysia.

S Guard.
(The Only One In Malaysia)

PP Bubble Sheet.
(The Only One In Southeast Asia)

Heavy duty box for rough handling.

Flat box for space saving.
